

BRIEF SUMMARY

I am a dynamic and skilled 3rd-year B.Tech Computer Science Engineering student specializing in Artificial Intelligence at Parul University. Proficient in JavaScript, Python, Java, HTML, and CSS, I have hands-on experience with modern frameworks and technologies such as React, Node.js, Express.js, MongoDB, and Firebase. My academic focus spans Artificial Intelligence, Data Structures, and Algorithms. I have successfully developed projects like a Student-Teacher Booking Appointment platform, a YouTube Clone, a Weather Application, a Personal Portfolio, a Telegram Bot, and a Calculator. Passionate about building scalable, modular, and maintainable solutions, I also have a strong interest in cryptocurrency, blockchain technologies, and cloud-based innovations.

KEY EXPERTISE

HTML CSS Java Javascript Data Structures NodeJS ReactJS Express.js API Firebase MongoDB
Tableau Storytelling Data Visualization Teamwork Time Management Python Flask Project Design

EDUCATION

Parul University B.Tech. - CSE - Artificial Intelligence - PIT	2022 - 2026
sanskar international school, Jodhpur 12 th CBSE	2022
sanskar international school, Jodhpur 10 th CBSE	2020

INTERNSHIPS

Unifeid Mentor IT / Computers - Software Frontend Web Developer	10 Dec, 2024 - 10 Jan, 2025
Key Skills: NodeJS MongoDB ReactJS CSS HTML Javascript Firebase	
The overall experience during this front-end development internship was exceptional. I gained valuable knowledge and honed my skills, thanks to the guidance and support from the mentors.	

PROJECTS

Hobby Connect Team Size: 1	02 Jan, 2025 - 03 Jan, 2025
Key Skills: React.js Javascript Node.js Express.js CSS MongoDB	
Project Link: https://github.com/rohit98626/hobbyconnect	
HobbyConnect is an interactive platform designed to bring hobby enthusiasts together, enabling users to explore, share, and collaborate on their interests. Whether it's painting, coding, music, photography, or any other passion, HobbyConnect provides a space to connect with like-minded individuals, participate in events, join hobby groups, and showcase talents.	
Weather App Team Size: 1	20 Nov, 2024 - 26 Nov, 2024
Key Skills: HTML CSS Javascript API Web API	
Project Link: https://github.com/rohit98626/weather	
This project is a straightforward weather application that allows users to input a city name and receive real-time weather information. The application displays the temperature in both Celsius and Fahrenheit, providing users with easy-to-understand and accurate weather updates. It serves as a practical tool for anyone wanting quick weather information based on their location input.	
YoutubeClone Team Size: 1	18 Oct, 2024 - 25 Oct, 2024
Key Skills: HTML CSS	

Project Link: <https://github.com/rohit98626/youtubeclone>

This is a static YouTube clone project created using HTML and CSS. The project mimics the basic structure and layout of the YouTube platform, providing a visually appealing and user-friendly design. It serves as an educational project to demonstrate how to replicate the core elements of a popular website using simple web technologies.

ASSESSMENTS / CERTIFICATIONS

Gujarat Tableau Certification

Key Skills: Tableau Storytelling Data Visualization

This Tableau certificate has significantly enhanced my skills, empowering me with a deeper understanding of Tableau's powerful data visualization capabilities. It has not only sharpened my technical expertise in creating dynamic and interactive dashboards but also improved my ability to tell compelling stories through data. By mastering the art of data visualization, I can now effectively convey insights and trends, making data-driven decisions more accessible and impactful. This certification is a valuable asset in advancing my professional growth in data analysis and visualization.

cisco cybersecurity certification

Key Skills: Cisco Cyber-security

This Cisco certificate in cybersecurity has significantly boosted my skills by providing a solid foundation in the principles and practices of cybersecurity. Through the course, I gained valuable knowledge about safeguarding systems, networks, and data from potential threats, and learned about risk management, encryption, and network security protocols. The certification has equipped me with the tools and expertise necessary to identify, prevent, and respond to cyber threats, enhancing my proficiency in protecting digital assets in an increasingly connected world.

PU 2.0 Certification

Key Skills:

ReactJS NodeJS HTML CSS Javascript API postmanAPI MongoDB Express.js Teamwork Time Management

This PU Hackathon certificate has significantly enhanced both my technical and soft skills. While it sharpened my coding abilities and problem-solving techniques, it also taught me valuable lessons in teamwork and collaboration. Working in a fast-paced environment with a diverse team, I learned how to efficiently manage my time, prioritize tasks, and contribute to a collective effort under pressure. The experience has not only made me a better coder but also improved my communication, leadership, and project management skills, making me more well-rounded in both technical and professional settings.

Front-end development certification

Key Skills: Front-End Web Development HTML Firebase CSS Javascript ReactJS

This front-end development certificate holds immense value for me, as it marks a significant milestone in my learning journey. During my one-month internship at Unified Mentor, I gained hands-on experience in web development, which not only solidified my understanding of front-end technologies but also helped me apply those skills in real-world projects. The internship experience was pivotal in refining my technical abilities and provided me with practical insights that will serve as a strong foundation for my future career in web development.

POSITIONS OF RESPONSIBILITY

Volunteer

I volunteered at a **Tableau event** held in the **Medical Auditorium at Parul University**, assisting in organizing, coordinating, and supporting event activities to ensure a seamless experience for participants.

SEMINARS / TRAININGS / WORKSHOPS

ABCs of Blockchain Workshop Institute Name: Parul Institute of Technology, Vadodara 06 Jan, 2025 - 06 Jan, 2025

Key Skills: Blockchain NFT Docker web3

During this insightful session, we delved deep into the world of blockchain technology and explored exciting tools like Docker Desktop, Pero Algo Wallet, and more. We also got hands-on experience with test tokens, NFTs, and learned how to seamlessly send and receive test tokens.

Tableau Workshop 21 Dec, 2024 - 28 Dec, 2024

Institute Name: Parul Institute of Technology, Vadodara

Key Skills: Tableau Storytelling Data Visualization

Attending the Tableau workshop was an incredibly enriching experience, where I gained valuable insights and practical skills. I learned a lot about data visualization and how to effectively use Tableau's features. As a bonus, I also received a free one-month Tableau subscription, allowing me to further explore and deepen my understanding of the platform. It was a fantastic opportunity to enhance my knowledge and skills in data analysis and visualization.

The workshop was an incredible experience that not only provided in-depth knowledge about cryptocurrency but also gave me the opportunity to connect with the team behind XDC Token. They introduced us to the foundational concepts of blockchain and Web3, offering valuable insights into the decentralized web. Additionally, we explored the various types of wallets used to securely store cryptocurrency coins. The hands-on approach and expertise shared by the XDC team made the learning experience both engaging and informative, enhancing my understanding of this rapidly evolving technology.

PERSONAL INTERESTS / HOBBIES

- o Cryptocurrency
- o Stock market
- o Blockchain and web3
