

BRIEF SUMMARY

I am a dynamic and skilled 3rd-year B.Tech Computer Science Engineering student specializing in Artificial Intelligence at Parul University. Proficient in JavaScript, Python, Java, HTML, and CSS, I have hands-on experience with modern frameworks and technologies such as React, Node.js, Express.js, MongoDB, and Firebase. My academic focus spans Artificial Intelligence, Data Structures, and Algorithms. I have successfully developed projects like a Student-Teacher Booking Appointment platform, a YouTube Clone, a Weather Application, a Personal Portfolio, a Telegram Bot, and a Calculator. Passionate about building scalable, modular, and maintainable solutions, I also have a strong interest in cryptocurrency, blockchain technologies, and cloud-based innovations.

KEY EXPERTISE

HTML CSS Java Javascript NodeJS ReactJS Express.js API MongoDB Teamwork Time Management
Python

EDUCATION

Parul University

2022 - 2026

B.Tech. - CSE - Artificial Intelligence - PIT

sanskar international school, Jodhpur

2022

12th | CBSE

sanskar international school, Jodhpur

2020

10th | CBSE

INTERNSHIPS

Unifeid Mentor | IT / Computers - Software

10 Dec, 2024 - 10 Jan, 2025

Frontend Web Developer

Key Skills: NodeJS MongoDB ReactJS CSS HTML Javascript Firebase

The overall experience during this front-end development internship was exceptional. I gained valuable knowledge and honed my skills, thanks to the guidance and support from the mentors.

PROJECTS

NEXORAZ

16 Jan, 2025 - 04 Mar, 2025

Mentor: Mrs. Rashmi Pandey | **Team Size:** 2

Key Skills: React.js Python MaterialUI MongoDB Google API Node.js Javascript

Project Link: <https://github.com/rohit98626/Nexoraz>

Developed NEXORAZ, a dynamic knowledge learning graph designed to visualize and explore information interactively. Built using React, Material-UI, Node.js, Python, and MongoDB, the project integrates Google Gemini API for AI-powered insights and an intelligent chatbot for enhanced user assistance. Implemented secure payment authentication with Razorpay, ensuring seamless transactions. Designed an intuitive and modern UI with Material-UI, providing a smooth user experience. The backend, powered by Node.js and Python, ensures efficient data processing, while MongoDB handles structured data storage. Focused on scalability, modularity, and maintainability, following best practices for full-stack development.

Hobby Connect

02 Jan, 2025 - 03 Jan, 2025

Team Size: 1

Key Skills: React.js Javascript Node.js Express.js CSS MongoDB

Project Link: <https://github.com/rohit98626/hobbyconnect>

HobbyConnect is an interactive platform designed to bring hobby enthusiasts together, enabling users to explore, share, and collaborate on their interests. Whether it's painting, coding, music, photography, or any other passion, HobbyConnect provides a space to connect with like-minded individuals, participate in events, join hobby groups, and showcase talents.

Weather App

20 Nov, 2024 - 26 Nov, 2024

Team Size: 1

Key Skills: HTML CSS Javascript API

Project Link: <https://github.com/rohit98626/weather>

This project is a straightforward weather application that allows users to input a city name and receive real-time weather information. The application displays the temperature in both Celsius and Fahrenheit, providing users with easy-to-understand and accurate weather updates. It serves as a practical tool for anyone wanting quick weather information based on their location input.

YoutubeClone 18 Oct, 2024 - 25 Oct, 2024

Team Size: 1

Key Skills: HTML CSS

Project Link: <https://github.com/rohit98626/youtubeclone>

This is a static YouTube clone project created using HTML and CSS. The project mimics the basic structure and layout of the YouTube platform, providing a visually appealing and user-friendly design. It serves as an educational project to demonstrate how to replicate the core elements of a popular website using simple web technologies.

POSITIONS OF RESPONSIBILITY

Volunteer

I volunteered at a **Tableau event** held in the **Medical Auditorium at Parul University**, assisting in organizing, coordinating, and supporting event activities to ensure a seamless experience for participants.

SEMINARS / TRAININGS / WORKSHOPS

Tableau Workshop Institute Name: Parul Institute of Technology, Vadodara 21 Dec, 2024 - 28 Dec, 2024

Key Skills: Tableau Storytelling Data Visualization

Attending the Tableau workshop was an incredibly enriching experience, where I gained valuable insights and practical skills. I learned a lot about data visualization and how to effectively use Tableau's features. As a bonus, I also received a free one-month Tableau subscription, allowing me to further explore and deepen my understanding of the platform. It was a fantastic opportunity to enhance my knowledge and skills in data analysis and visualization.
